Product Number	LYSTD	Revision Date	
Revision Number	0	Issue Date	01/09/2025

COMPANY INFORMATION

Address	MiniFIBERS, Inc. 2923 Boones Creek Rd Johnson City, TN 37615
Phone Number	(423) 282-4242

MiniFIBERS, Inc. Lyocell End of Life Statement

MiniFIBERS purchases Lyocell fibers from suppliers whose products have received certification from TÜV AUSTRIA confirming the biodegradability and compostability of the Lyocell fibers according to international standards. The compostability program encompasses tests for biodegradability (chemical decomposition), ecotoxicity and harmful substances (e.g. heavy metals). The suppliers' Lyocell fibers are TÜV certified biodegradable (soil, fresh water & marine) and compostable (home & industrial). Use of additives can impact the biodegradability and compostability of specific fibers.

The above statement is based on suppliers' statements and certifications.

Users should consider this information only as a supplement to other information, such as the Safety Data Sheet. It is the responsibility of our customers to determine that their use of our product(s) is safe, lawful, and technically suitable in their intended applications. Because of possible changes in laws and regulations, as well as possible changes to our product, we cannot guarantee that the status of this product will remain unchanged. Therefore, we recommend that customers continuing to use this product verify its status periodically.

MiniFIBERS is providing this information in good faith for our customer's regulatory evaluations. Customers must make their own determination of material suitability and fitness for use, for the protection of the environment, and for the health and safety of your employees and purchasers of your products. No warranty is made of the merchantability or fitness of any product, and nothing herein waives any of the Seller's conditions of sale.
